## Incoming President of the Institute of Materials, MALAYSIA

**DR. RAHIM NOR**

As we chart our journey into the new millennium, it has become apparent that **technology and engineering** will be the thrusts towards the success and sustainment of the pace of our nation's economic development. To realize the vision of a developed nation, Malaysians as a whole will have to continuously enhance their competency and acquire new skills and technologies through interaction, sharing and exchanging of ideas and information. For the past 13 years, IMM has played a major role in preparing a platform for materials engineers and scientists to achieve the objectives.

In order to prepare our Society for a new era, the previous IMM Council under the leadership of Dr. Samad Solbai had played an important role in supporting our nation's vision by moving forward to change our Society's name from **Malaysian Materials Science & Technology Society (MMS) to Institute of Materials, Malaysia (IMM)**. I pledge to lead the new Council to continue striving for better recognition and to formally establish the IMM as a professional body.

**M**aterials engineering has been regarded by many as being a very important discipline and practice. It would not be an exaggeration to say that it would be impossible to enjoy our life as what we have now without **materials**. However, like all other fields of science and engineering where new products are continuously being developed, new techniques being innovated and new standards introduced, it is important that we must make ourselves aware and constantly keep abreast of the latest information on science and technology of this fraternity. To those who are willing to share their skills/knowledge and experiences; to those who wish to find out the latest information in **materials engineering**; and to those who would like to be part of a network of specialists in materials, I would like to say "Welcome to the IMM" and encourage your friends, colleagues and associates to join us.

## **Outgoing President of the Institute of Materials, MALAYSIA DR. SAMAD SOLBAI**

*I*t was indeed a great honour and privilege to be given the opportunity to lead the Institute of Materials, Malaysia during the last four years. I believe it was quite a historical period for the Institute given its change of name from the Malaysian Materials Science & Technology Society to its present name which reflects its true intentions as a professional intellectual body. It was also the time when we managed to bring the bottom line of the Institute into its present healthy state.

The credit for all these achievements are attributable to the group of dedicated Council Members who have painstakingly and patiently sat through the problems and sorting them out in a very elegant manner. The support of the members during the difficult period was also overwhelming and I was indeed fortunate to be associated with such a group of wonderful people.

Sometimes when we least expected, we obtained financial and moral support from members as far away as Kerteh and Sarawak.

I sincerely hope that the support given to me will be extended to the Incoming President. As for me, I shall continue to remain active and shall gladly offer my service to IMM whenever it is needed.

# WORKING COMMITTEES

## Session: 2000 - 2002

**MINUTES OF THE 10<sup>TH</sup> ANNUAL GENERAL MEETING HELD AT 11.00 A.M. ON WEDNESDAY 22<sup>ND</sup> MARCH, 2000 AT KELAB GOLF PERKHIDMATAN AWAM, BUKIT KIARA, KUALA LUMPUR.**

*(ATTENDANCE: 45 MEMBERS)*

**MATTERS DISCUSSED**

- (1) The Minutes of the 9<sup>th</sup> Annual General Meeting were reviewed. No comments were raised and minutes were proposed accepted by Mr. Alexander Gabriel and seconded by Dr. Chan Chee Yan.

**(2) REPORT OF THE COUNCIL**

The report of the Council for 1999 was presented by the Deputy President, Dr. Ab. Rahim Mohd. Nor as the President, Dr. Samad Solbai had extended his apology due to his performing of the Haj in Mecca.

- (2.1) The Report listed a chronology of all activities held in 1999. The Council reported that activities had increased tremendously as compared to 1998. Again, the Corrosion Committee, particularly, the Coatings Sub-committee dominated the activities. The Council will endeavour to activate more activities from the other committees.
- (2.2) Memberships have grown from 146 to 369 as at 31-12-1999.
- (2.3) The IMM has established its own homepage at <http://www.members.tripod.com/IMM2000>.
- (2.4) IMM's e-mail address is [iomm@po.jaring.my](mailto:iomm@po.jaring.my).
- (2.5) The Council established 3 new Working Committees in 1999: the Social Activities Committee, the Fabrication Technology Committee, and the Materials Consultancy Committee.
- (2.6) Links with the Institute of Materials, United Kingdom (IOM) was initiated with the visit of Ms. June Hawkins, Director of Programmes, IOM in conjunction with IMM's 10<sup>th</sup> A.G.M. The proposed collaboration between IMM and IOM received the support of the British High Commission in Kuala Lumpur. His Excellency, Mr. Graham Fry, the British High Commissioner to Malaysia, and Mr. Tim Hanson, Senior Trade Manager for Oil & Gas at the British High Commission had personally encouraged IOM to work with the IMM.

- (2.7) The Council will also look at establishing links with other international professional bodies such as National Association of Corrosion Engineers(NACE) U.S.A., Institute of Corrosion, U.K., Steel Structures Painting Council (SSPC) U.S.A., and others.
- (2.8) The Council will also attempt to obtain recognition of its professional status so that IMM professional members can obtain the international status of “**Chartered Engineer**” (C.Eng.) as well as “**Professional Engineer**”(P.Eng.)

Queries from members:-

- Puan Maimunah Ismail pointed out that the Sarawak & Sabah Committee had more activities which were not recorded in the Council’s Report. The point was taken note and all working committees were requested to submit their quarterly list of activities to the Secretariat for publication in the quarterly Newsletter to avoid missed-out records.

With no other queries, the Council Report was proposed accepted by Dato’ Dr. Haji Mohd . Mansor Salleh and seconded by Dr. Che Husna Azhari.

### **(3) STATEMENT OF ACCOUNTS FOR 1999**

The Hon. Treasurer, Ir. Mohd. Suradi Yasin, presented the financial report for 1999.

Gross income was RM431,330 with an operating surplus of RM65,640.

The net asset of the IMM increased from RM20,911 in 1998 to RM86,551 in 1999.

With no queries from members, the financial report was proposed accepted by Mr. Kang Kim Ang and seconded by Ir. Chong Chien Fatt.

### **(4) HANDING OVER OF PRESIDENTIAL DUTIES**

Dato’ Dr. Haji Mohd. Mansor Salleh, representing the outgoing President, handed the Presidential Medal to incoming President, Dr. Ab. Rahim Mohd. Nor. In his Acceptance Speech, Dr. Rahim committed to bring IMM to greater achievements and continue the efforts to establish links with other professional institutions.

## **(5) ELECTIONS OF OFFICE-BEARERS FOR 2000-2002**

In accordance with the Rules of the IMM, the Deputy President will take over the President's post while the posts of Deputy President, Honorary Secretary, and Honorary Treasurer were elected at the penultimate Council Meeting prior to the A.G.M.

In accordance with the IMM Rules, only seven (7) Ordinary Council Members will be elected at the A.G.M. while the balance eight (8) Ordinary Council Members will be co-opted by the Council subsequently. As at 12.00 noon 10<sup>th</sup> March, 2000, the closing date for nominations, only 7 nominations for Ordinary Council posts were received by the Secretariat. As such, the 7 nominated candidates will automatically be elected as Council Members for the 2000-2002 Session.

The new Council for 2000-2002 Session will be as follows:-

President	: Dr. Ab. Rahim Mohd. Nor
Deputy President	: En Zainuddin Ishak
Honorary Secretary	: Ir. Ong Chong Hup
Honorary Treasurer	: Ir Mohd. Suradi Yasin
Immediate Past President	: Dr. Samad Solbai
Council Members	: Dr. Teh Ser Kok
	Ir. Chong Chien Fatt
	En. Mohd. Raziff Embi
	En. Hamizan Mohd. Derus
	Mr. David Lim Chee Cheong
	Mr. Kang Kim Ang
	Dr. Ong Eng Long

## **(6) EXTERNAL AUDITOR & TAX AGENT**

The Hon. Treasurer, Ir. Mohd. Suradi Yasin informed that the current external auditor & tax agent, Er & Associates had been re-appointed by the Council in accordance with the IMM Rules. As a formality, the Council wish for it to be endorsed at the A.G.M.

With no objections, the appointment was proposed accepted by Ir. Chong Chien Fatt and seconded by Mr. Alexander Gabriel.

**(7) INTERNAL AUDITORS**

The President requested for 2 volunteers to serve as Internal Auditors for one year.  
En. Noor Hisham Ab. Hamid and Mr. Alexander Gabriel volunteered to serve as Internal Auditors for 2000-2001.

**(8) AMMENDMENTS TO IMM RULES**

The Hon. Secretary, Ir. Ong Chong Hup, proposed that the entire Section II on Memberships be amended to correct some anomalies and also to change the title of "Member" to "Professional Member" so as to be more in line with international professional institutions.

The proposed amendments were unanimously accepted by all members present.

Mr. Kang Kim Ang proposed to accept the amendments and was seconded by Mr. David Lim Chee Cheong.

**(9) OTHER MATTERS**

- (9.1) Dr. Chan Chee Yan highlighted that electronic materials was becoming very important and IMM should have a Working Committee looking after this activities to achieve the target.
- (9.2) Mr. David Lim suggested that the IMM should set a target of 1000 members to be fulfilled by the next A.G.M. The Memberships Committee should plan activities to achieve the target.
- (9.3) The President informed that the Council had appointed Dato' Dr. Haji Mohd. Mansor Salleh as Honorary Fellow and ADVISOR to the IMM in accordance with the IMM Rules. The term of Advisor shall be 3 years (2000-2003).

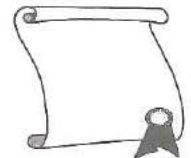

**With no other matters, the 10<sup>th</sup> Annual General Meeting ended at 12.00 noon.**

## PROPOSED REVISION TO IMM RULES SECTION II : MEMBERSHIP

### SECTION II MEMBERSHIP

#### 2.1 General Rules on Memberships

- 2.1.1 The Council shall establish a Memberships Committee which will be responsible for review of applications for transfer of membership grades. The Memberships Committee shall recommend transfers for Council approval at Council Meetings. All grades of memberships are awarded at the discretion of the Council and may be withheld or withdrawn in the event of conduct likely to prejudice the standing of the Institute. Every member shall receive a membership certificate.
- 2.1.2 The Memberships Committee shall be responsible for drafting the "Regulations Governing Admission and Transfer of Member Grades" for Council approval. Such regulations may be changed from time to time subject to Council approval.
- 2.1.3 Every application for membership shall be proposed and seconded according to these regulations and shall be forwarded to the Honorary Secretary who shall, at the first convenient opportunity, submit it to the Council for approval. The Council may at its discretion reject any application without assigning any reason thereof.
- 2.1.4 Each company on admission shall be entitled to nominate one representative to exercise all rights of membership. Only representatives of Company membership, Fellows (F.I.M.M.), Professional Members (M.I.M.M.), and Ordinary members shall have the right to vote and to hold office in IMM.
- 2.1.5 Only Malaysian Citizens, and Blue Identity Card Holders can become Ordinary Members, Associate Members (A.M.I.M.M.), Professional Members (M.I.M.M.) and Fellow Members (F.I.M.M.) with voting rights. Foreigners and Red Identity Card Holders can join similar grades but shall have no voting rights.

#### 2.2 Grades

##### 2.2.1 Honorary Fellow (Hon. F.I.M.M.)

The Council shall have the power to elect Honorary Fellows who shall be persons of eminence in science or industry. The election shall be based on a majority vote within the Council. Honorary Fellows shall enjoy such privileges as may from time to time be determined by the Council.

##### 2.2.2 Fellow (F.I.M.M.)

A person at least 35 years of age with approved academic qualifications, training and 8 years relevant responsible experience who has made significant contributions to the science and practice of profession of Materials Science and Engineering or has given distinguished service to industry or education.

##### 2.2.3 Professional Member (M.I.M.M.)

A person at least 25 years of age, with approved academic qualifications and training, having at least 3 years responsible experience in Materials Science and Engineering. OR

A person at least 40 years of age, with at least 15 years of experience with practical responsibility, as demonstrated by thesis/dissertation or report and interview.

##### 2.2.4 Associate Member (A.M.I.M.M.)

A person at least 25 years of age, who possesses an interest in Materials Science and Engineering but have not acquired the necessary experience or obtained the qualifications governing entry to Member grade. An Associate Member, on obtaining the necessary qualifications, may apply for transfer to Member grade.

##### 2.2.5 Company Member

Any company that is involved or has interest in Materials Science and Engineering will be qualified to join as a company member.

2.2.6 Ordinary Member

Any person above the age of 18 years engaged in activities related to research, development and applications in Materials Science and Engineering shall qualify for Ordinary Membership. Only Ordinary Members who meet the necessary minimum requirements may apply for transfer to membership grades of Fellow, Member and Associate Member and may use the abbreviated titles upon transfer.

2.2.7 Student Member

A student member shall be a person not under 17 years of age who at the time of application satisfies the Council that he has received a good general education and is studying subjects related to Materials Science or Engineering. A student member shall transfer to the grade of Ordinary Member after graduation provided he or she is suitably qualified and as soon as he or she is earning a full-time salary. A Student shall not become a member of the IMM without the prior approval of the Vice-Chancellor or Head of Department of the university or relevant authority concerned.

2.3 Admission, Election and Transfer

2.3.1 Applications

Admission and election to membership of the Institute and transfer in grades of membership therein shall be effected through voluntary application from persons qualified under the Rules for such membership. A Certificate of Membership will be issued to every member.

2.3.2 Honorary Fellow

An Honorary Fellow shall be elected by the unanimous vote of a meeting of the Council at which not less than two thirds of the members of the Council are present.

2.3.3 Fellows

Every proposal for transfer of a Member to the grade of Fellow shall be according to such form as the Council may prescribe. This proposal form, having been subscribed by four Professional Members (MIMM) of whom at least two shall be Fellows (FIMM), and delivered, duly completed, to the Honorary Secretary, shall be submitted to the Council, who, subject to conditions herein before set forth, may, if they think fit, approve the proposed transfer.

2.3.4 Professional Members and Associates

Any person desirous of being elected to a Professional Member or Associate shall be proposed and seconded according to such form as the Council may prescribe. The proposal form shall be signed by one Fellow (FIMM) and one Professional Member (MIMM). The proposer and seconder shall certify from personal knowledge of the candidate that he is a fit and proper person for consideration of the Council for membership in the Institute.

2.3.5 Ordinary & Students

Each candidate for admission to the grade of Ordinary, or for transfer from Student to Ordinary, shall have his application form signed by a Professional Member (MIMM). Each candidate for admission to the grade of Student shall have his application form certified by a Professional Member (MIMM) or by his employer or by a Head of Department of a teaching Institution who shall certify that the candidate is receiving or has received the required education and training. No person who is eligible for admission to the grade of Ordinary Member shall be admitted to the grade of Student or remain in the grade of Student.

Approved by members at the 10th Annual General Meeting on 22nd March 2000.

**INSTITUTE OF MATERIALS, MALAYSIA**  
 ( Formerly the Malaysian Materials Science & Technology Society )

The Malaysian Materials Science & Technology Society (MMS) was registered with the Registrar of Societies on 6<sup>th</sup> November, 1987. The MMS was actively promoting the awareness of Materials in Malaysia since 1988. In 1996, with a newly-elected Council, the change of name to the Institute of Materials, Malaysia (IMM) was submitted to the Registrar of Societies and approved on 16<sup>th</sup> June 1997. The new name was to be synergistic with the rest of the world. For example in the case of the United Kingdom, The Institute of Metals, The Institute of Ceramics and The Plastics & Rubber Institute were merged into a single Institute of Materials in 1992 where its Members are recognised as professionals with the status of a Chartered Engineer (C.Eng).

Membership to the IMM is open to all individuals and companies interested in developing the contribution of Materials science, technology and engineering towards industrial growth in Malaysia. The technology of Materials is advancing day-by-day throughout the world. We, in Malaysia, must keep up with the pace of technological advancement.

The objectives of the IMM include the training and development of individuals and companies in Malaysia to attain professional recognition in various fields of Materials science, technology and engineering. Materials cover a very wide field such as metals, polymers, rubber, wood, concrete, ceramics, semiconductors, advanced materials, cellulose, textiles, etc. Membership to the IMM will enable networking and exchange of knowledge from a very wide variety of specialized areas of expertise.

The longterm objective of the IMM is to attain professional status for its members in line with that which is accorded to the other disciplines of engineering.

The IMM is also committed to seeking affiliations with overseas Materials and Engineering/Scientific professional institutions to gain access to technological developments worldwide. This will ensure that we, in Malaysia, will not be left behind.

The institute as hereunder constituted shall be known as "Institut Bahan Malaysia" (Institute Of Materials, Malaysia) and is hereunder referred to in abbreviated form as the "IMM".

The registered place of business address shall be Lot 1908, Batu 7, Jalan Bukit Kemuning, 42450 Klang, Selangor Darul Ehsan, Malaysia.

The registered place of business and the postal address of the institute shall not be changed without the prior approval of the Registrar of Societies.

The objectives of the IMM shall include the following :-

- (a) to encourage education in Materials Science and Engineering.
- (b) to promote research and development in the fields of Materials Science and Engineering
- (c) to encourage collaboration between the industrial sectors, research institutes and universities.
- (d) to promote honourable practice and professional etiquette among members of the IMM.

Definition of Materials Science and Engineering:-

Materials Science and Engineering shall include Metallurgy, Polymer Technology, Ceramics Technology, Welding Technology, Concrete Technology, Wood Technology and Advanced Materials Technology.

Annual subscriptions shall be payable in advance on 1<sup>st</sup> January of each year. Any person who is admitted into the IMM between 1<sup>st</sup> July and 31<sup>st</sup> December in any year shall pay only half the annual subscription.

**IMM Membership Grades**

**Company Member**

Any company that is involved or has interest in Materials Science and Engineering will be qualified to join as a company member. All employees of a Company Member are entitled to attend Institute functions at membership rate, however, only the Principal Representative or the Alternate Representative shall have voting rights.

**Ordinary Member**

Any Malaysian citizen and above the age of 21 years engaged in activities related to research, development and applications in Materials Science and Engineering shall qualify for Ordinary Membership. Only Ordinary Members who meet the necessary minimum requirements may apply for transfer to corporate membership grades of Fellow, Member and Associate Member and may use the abbreviated titles upon transfer.

**Honorary Fellow (Hon. F.I.M.M.)**

The Council shall have the power to elect Honorary Fellows who shall be persons of eminence in science or industry. The election shall be based on a majority vote within the Council. Honorary Fellows shall enjoy such privileges as may from time to time be determined by the Council.

**Fellow (F.I.M.M.)**

A person at least 35 years of age with approved academic qualifications, training and 8 years relevant responsible experience that has made significant contributions to the science and practice of profession of Materials Science and Engineering or has given distinguished service to industry or education.

**Member (M.I.M.M.)**

A person at least 25 years of age, with approved academic qualifications and training, having at least 3 years responsible experience in Materials Science and Engineering.

OR

A person at least 40 years of age, with at least 15 years of experience with practical responsibility, as demonstrated by thesis and interview.

**Associate Member (A.M.I.M.M.)**

A person at least 25 years of age, who possesses an interest in Materials Science and Engineering but will not yet have acquired the necessary experience or obtained the qualifications governing entry to Member grade. An Associate Member, on obtaining the necessary qualifications, may apply for transfer to Member grade.

**Student Member**

A student member shall be a person not under 17 years of age who at the time of application satisfies the Council that he has received a good general education and is studying subjects related to Materials Science and Engineering. A student member shall transfer to the grade of Ordinary Member after attaining the age of 21 years provided he or she is suitably qualified and as soon as he or she is earning a full-time salary. A Student shall not become a member of the IMM without the prior approval of the Vice-Chancellor of the university or relevant authority concerned.

**Certificate of Membership**

Every member shall receive a membership certificate.

Every application for membership shall be proposed and seconded by two existing ordinary members and shall be forwarded to the Honorary Secretary who shall, at the first convenient opportunity, submit it to the Council for approval. The Council may at its discretion reject any application without assigning any reason thereof.

Each company on admission shall be entitled to nominate one representative to exercise all rights of membership. Only representatives of Company membership and Ordinary members shall have the right to vote and to hold office in IMM.

## AMENDMENTS TO IMM RULES

The Registrar of Societies has rejected our proposal to add the regulations for setting up branches. The IMM will submit a fresh proposal for some minor amendments to the Membership rules. A copy of the proposed amendments will be distributed during the 10<sup>th</sup> AGM for discussion and vote.

## EMAIL, FAMIL & HOMEPAGE

The email address for IMM is [iomm@po.jaring.my](mailto:iomm@po.jaring.my)

IMM also has its temporary homepage <http://www.members.tripod.com/IMM2000>

Please visit the IMM homepage and provide your feedback for improvement.

## NEW WORKING COMMITTEES

New working committees were established in 1999 :-

- (1) Social Activities Committee - chaired by Ir. Chong Chien Fatt has been very active in arranging golf sessions and is responsible for organizing the 10<sup>th</sup> AGM, Annual Dinner & Social Events.
- (2) Fabrication Technology Committee - chaired by Ir. Mohd Suradi Yasin to oversee all fabrication technology activities such as welding, scaffolding, metal forming, robotics, etc.
- (3) Consultancy Committee - jointly chaired by Mr. David Lim Chee Cheong and En. Mohd Adaham Abdullah to provide independent pool of materials consultancy services.

The Chairmen of all working committees must be Council Members. As such, all Chairmen will automatically relinquish their posts on the date of the 10<sup>th</sup> AGM. The newly-elected Council for 2000-2002 term will appoint the respective Working Committee Chairmen within 2 weeks after the AGM.

As the outgoing President, I would like to express my sincere gratitude to all the Council Members and to all IMM members who have provided so much support to the Institute. I wish my successor all the best and I am sure he will lead IMM to greater achievements. I will still be actively involved as the Immediate Past President and will do my part to contribute as much as I possibly can.

Thank you.

On behalf of the Council

Dr. Samad Solbai  
President

# IMM CORROSION COMMITTEE

---

With the confirmation of the IMM Corrosion Committee member line-up , the IMM Corrosion Committee would like to assure all IMM members that it would continue to provide and improve on all CORROSION related services for members' benefit .

In addition to the existing sub-committees i.e Coatings sub-committee and the Cathodic Protection sub-committee , we will be introducing the NDE/ Inspection sub-committee for the year 2000 . One of the objectives of the NDE/Inspection sub-committee is to enhance and upgrade the current NDE/Inspection practices . The Corrosion Consulting sub-committee was set-up with the objective to provide an avenue for corrosion experts to exchange ideas that may be beneficial to the industry .

## IMM Corrosion Committee Y2K Activities

The committee will be finalising the list of training, seminar, conferences, etc. We will continue to conduct the Coating Inspector Certificate scheme , Blaster & Painter Competency Qualification Program and also the Cathodic Protection Course .

The IMM Corrosion Committee together with Enviropel (UK) will be hosting a seminar on Microbial Corrosion , Platform decommissioning and storage in September 2000 . The Coatings sub-committee is planning to have a seminar related to blasting & painting, and corrosion, to be held in the East Coast region some time in November 2000 .

The IMM together with Malaysian Petroleum Institute (MPI) will be hosting a presentation and dialogue session (road show) with representatives from SHELL and ESSO , together with their major contractors . The dialogue session will held on May 17 , 2000 at the Port Dickson Golf and Country Club, Port Dickson.

In the coming months, we will also be introducing the Blasting/Painting Supervisor training and also a training course related to coating deficiency . Further announcement will be provided soon

# 2-DAY TQM IMPLEMENTATION WORKSHOP

20 & 21 JUNE, 2000  
PETALING JAYA

## Rationale:

Many organizations in Malaysia have already implemented Total Quality Management and reaped tremendous benefits from it continually. Companies with ISO 9000 will benefit even more when synergised with TQM. What are the secrets in implementing TQM successfully? This practical workshop is a hand-on action packed learning program for managers who wish to know all about TQM implementations. Upon completion of this 2-day workshop the participants will have learned the core skills to implement the TQM for Continuous Improvement in their own organisations and henceforth to build from there.

## Workshop Program:

### Day 1

1. **Overview -**  
The impacts of TQM
2. **Diagnostics -**  
How to perform surveys to obtain feedbacks from customers
3. **Principles and Practises**  
The core principles of TQM and its imperatives; how to establish a TQM culture conducive to continuous improvement
4. **TQM Planning**  
How to transform Policy and Mission statements into activities – the Battle Plan. This is critical to TQM success

### Day 2

1. **Problem Solving Tools and Techniques**  
learn all about problem solving process, tools and decision making techniques and their applications
2. **Continuous Improvement**  
The art in carrying out continuous improvement, the selection process, and varied ways to use Deming's PDCA cycle
3. **Review and Discussions**

## Objectives:

- Understanding why people behaves, think and feel differently at your workplace
- Be able to identify high achievers and problem employees using psychometric instruments
- Be able to help them to be more committed and responsible by satisfying their motivational needs
- Be able to match the right man for the right job
- Be able to manage and lead them to get things done

## Course Content:

- Sources of Personality differences
- How to identify personality types
- Discover your personality and a significant others
- Discover why you find certain personality and how to manage them using Incompatibility Analysis tools and Psychometric instruments
- How to manage difficult people
- How to identify personality type ( your boss, peers, subordinates and customers) and influence them to make things happen – human alignment skills
- Application of Personality Management Program through real life case studies in work settings.
