**STATEMENT BY COUNCIL**

We, Dato' Ts. Dr. Chew Khoon Hee and Ir. Ong Hock Guan being two of Council Members of Institute Of Materials, Malaysia, do hereby state on behalf of the Council Members that in our opinion, the Financial Statement as set out together with the notes to financial statements and the Cash Flow Statement, are drawn up in accordance with applicable approved accounting standards in Malaysia so as to give a true and fair view of the state of affairs of the Institute as at 31 December 2024 and of the results of its operations and of the cash flow of the Institute for the year ended on that date in accordance with the Societies Act, 1966 in Malaysia.

On behalf of the Council,

  
Ts. Dr. Chew Khoon Hee  
President

  
Ir. Ong Hock Guan  
Honorary Treasurer

Shah Alam  
Dated: 24 MAR 2025

**STATUTORY DECLARATION**

I, Ts. Dr. Chew Khoon Hee, (NRIC No.: 660201-08-7493) the president primarily responsible for the financial statement of Institute of Materials, Malaysia, as do solemnly and sincerely declare that the financial statement set out together with the notes to the financial statements and the Cash Flow Statement, in my opinion, correct and I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of the Statutory Declaration Act, 1960.

Subscribed and solemnly declared by  
the above-named Ts. Dr. Chew Khoon Hee at  
Shah Alam in Selangor on 24 MAR 2025  
KLANG

  
TS. DR. CHEW KHOON HEE

Before me,

Suite B, Pejabat Pengurusan, Blok B,  
Aras G, Pangsapuri Seruling,  
Jalan Astaka 1/KU2, Bandar Bukit Raja,  
41050 Klang, Selangor.

**INTERNAL AUDITORS' STATEMENT**

---

We (including the IMM Secretariat Finance related staff and external Finance Services provider of the Institute), have examined the books and records of the Institute for the financial year ended 31 December 2024 and, in our opinion, the accounting and other records are properly kept and maintained in accordance with the applicable approved Malaysia Private Entities Reporting Standard ("MPERS") and the requirements of the Societies Act, 1966 in Malaysia.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF  
INSTITUTE OF MATERIALS, MALAYSIA**

(Incorporated in Malaysia)

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of **INSTITUTE OF MATERIALS, MALAYSIA**, which comprise the statement of financial position as at 31 December 2024, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 10 to 22.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Institute as at 31 December 2024, and of its financial performance and its cash flows for the year then ended in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Societies Act, 1966 in Malaysia.

**Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Independence and Other Ethical Responsibilities**

We are independent of the Institute in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

**Information Other than the Financial Statements and Auditors' Report Thereon**

The Council Members of the Institute are responsible for the other information. The other information comprises the Councils' Report but does not include the financial statements of the Institute and our auditors' report thereon.

Our opinion on the financial statements of the Institute does not cover the Councils' Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Institute, our responsibility is to read the Councils' Report and, in doing so, consider whether the Councils' Report is materially inconsistent with the financial statements of the Institute or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Councils' Report, we are required to report that fact. We have nothing to report in this regard.

**Registration No.: PMM-004-10-11061987**

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF  
INSTITUTE OF MATERIALS, MALAYSIA**

(Incorporated in Malaysia)

**Responsibilities of the Council Members for the Financial Statements**

The Council Members of the Institute are responsible for the preparation of financial statements of the Institute that give a true and fair view in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Societies Act, 1966 in Malaysia. The Council Members are also responsible for such internal control as the Council Members determine is necessary to enable the preparation of financial statements of the Institute that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Institute, the Council Members are responsible for assessing the Institute's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council Members either intend to liquidate the Institute or to cease operations, or have no realistic alternative but to do so.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements of the Institute as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Institute, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council Members.

Registration No.: PMM-004-10-11061987

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF  
INSTITUTE OF MATERIALS, MALAYSIA**  
(Incorporated in Malaysia)

- Conclude on the appropriateness of the Council Members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Institute's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Institute or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Institute to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Institute, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Council Members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Other Matters**

This report is made solely to the members of the Institute, for no other purpose. We do not assume responsibility to any other person for the content of this report.

**INSTITUTE OF MATERIALS, MALAYSIA**  
(Registered under Societies Act, 1966)

**NOTES TO THE FINANCIAL STATEMENTS – 31 DECEMBER 2024**

---

**1. FUNCTIONS OF THE INSTITUTE**

The Institute is involved in the training and development of individuals and companies in Malaysia to attain professional recognition in various fields of materials science, technology, and engineering.

The principal place of the Institute is located at Suite 1006, Level 10, Block A, Kelana Centre Point (Lobby A), No.3, Jalan SS 7/19, Kelana Jaya, 47301 Petaling Jaya, Selangor, Malaysia.

**2. BASIS OF PREPARATION**

**2.1 Statement of compliance**

The Financial Statements of the Institute have been prepared in accordance with the Malaysia Private Entities Reporting Standard (“MPERS”) and the requirements of the Societies Act, 1966 in Malaysia.

**2.2 Basis of measurement**

The Financial Statements of the Institute have been prepared on the historical cost basis unless otherwise stated in the summary of significant accounting policies. The financial statements are presented in Ringgit Malaysia (“RM”) and all values are rounded to the nearest Ringgit except when otherwise indicated.

**2.3 Use of estimates and judgements**

The preparation of financial statements in conformity with MPERS requires the Council Members to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and disclosure of contingent assets and contingent liabilities. In addition, the Council Members are also required to exercise their judgement in the process of applying the accounting policies.

The areas involving such judgements, estimates and assumptions are disclosed in Note 4 to the financial statements. Although these estimates and assumptions are based on the Council Members’ best knowledge of events and actions, actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

**INSTITUTE OF MATERIALS, MALAYSIA**  
(Registered under Societies Act, 1966)

**NOTES TO THE FINANCIAL STATEMENTS – 31 DECEMBER 2024**

---

**3. SIGNIFICANT ACCOUNTING POLICIES**

**3.1 Property, plant and equipment**

Property and equipment are stated cost less accumulated depreciation and impairment. Depreciation is calculated on a straight-line basis to write off the cost of property and equipment over its estimated useful life.

The annual rates applicable are as follows:

	Useful live
Office equipment	10 years
Furniture and fittings	10 years
Computer Equipment	3 years

Property, plant and equipment are written down to recoverable amount if, the recoverable amount is less than their carrying value. Recoverable amount is the higher of an asset's net selling price and its value in use.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these assets.

**3.2 Impairment of assets**

The carrying values of assets are reviewed for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount is the higher of an asset's net selling price and its value in use, which is measured by reference to discounted future cash flows. Recoverable amounts are estimated for individual assets, or if it is not possible, for the cash-generating unit.

An impairment loss is charged to the income statement immediately, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of previously recognized revaluation surplus for the same asset.

Subsequent increase in the recoverable amount of an asset is treated as reversal of the previous impairment loss and is recognized to the extent of the carrying amount of the asset that would have determined (net of amortisation and depreciation) had no impairment loss been recognized. The reversal is recognized in the income statement immediately, unless the asset is carried at revalued amount. A reversal of an impairment loss on a revalued asset is credited directly to revaluation surplus. However, to the extent that an impairment loss on the same revalued asset was previously recognized as an expense in the income statement, a reversal of that impairment loss is recognized as income in the income statement.

**3.3 Investment**

Investment in shares held as long-term investment is stated at cost less impairment losses, if any.

**NOTES TO THE FINANCIAL STATEMENTS – 31 DECEMBER 2024**

---

**3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**3.4 Cash and cash equivalents**

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value. They are held to meet short-term cash commitments instead of for investment or other purposes.

If bank overdrafts are repayable on demand and form an integral part of cash management, bank overdrafts are a component of cash and cash equivalents.

**3.5 Receivables**

Trade and other receivables are carried at anticipated realisable value. Bad debts are written off in the period in which they are identified. An estimate is made for doubtful debts on a review of all outstanding amounts at the period end.

**3.6 Liabilities**

Trade and other payables are stated at cost which is the fair value of the consideration to be paid in the future for goods and services received.

**3.7 Revenue recognition**

Revenue from membership annual and entrance fees are recognized on receipt basis.

Revenue from seminar and courses organized are recognized when the services are performed.

Interest income is recognized on receipt basis.

**3.8 Income taxes**

Current tax is the expected amount of income tax payable in respect of the taxable income for the year and is measured using the tax rates that have been enacted at the balance sheet date.

**3.9 Financial instruments**

The particular recognition method adopted for financial instruments recognized in the balance sheet is disclosed in the individual policy statements associated with each item.

Financial instruments are recognized in the balance sheet when the Institute has become a party to the contractual provisions of the instrument. Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as expense or income.

Distributions to holders of financial instruments classified as equity are charged directly to equity. Financial instruments are offset when the Institute has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

**INSTITUTE OF MATERIALS, MALAYSIA**  
(Registered under Societies Act, 1966)

**NOTES TO THE FINANCIAL STATEMENTS – 31 DECEMBER 2024**

---

**4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

**4.1 Changes in estimates**

Estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Council Members are of the opinion that there are no significant changes in estimates at the end of the reporting period.

**4.2 Key sources of estimation uncertainty**

The key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next year, other than those disclosed in the Notes, are as follows:

**i) Measurement of a provision**

The Institute uses a “best estimate” as the basis for measuring a provision. Management evaluates the estimates based on the Institute’s historical experiences and other inputs or assumptions, current developments and future events that are reasonably possible under the particular circumstances. In the case when a provision relates to large population of customers (such as a warranty provision), a probability-weighted estimate of the outflows required to settle the obligation is used. In the case of a single estimate (such as a provision for environmental restoration costs), a referenced contractor’s price or market price is used as the best estimate. If an obligation is to be settled over time, the expected outflows are discounted at a rate that takes into account the time values of money and the risk that the actual outcome might differ from the estimates made.

**ii) Loss allowance of financial assets**

The Institute recognises impairment losses for loans and receivables using the incurred loss model. Individually significant loans and receivables are tested for impairment separately by estimating the cash flows expected to be recoverable. All others are grouped into credit risk classes and tested for impairment collectively, using the Institute’s past experiences of loss statistics, ageing of past due amounts and current economic trends. The actual eventual losses may be different from the allowance made and this may affect the Institute’s financial position and results.

**iii) Depreciation of property, plant and equipment**

The cost of an item of property, plant and equipment is depreciated on the straight-line method or another systematic method that reflects the consumption of the economic benefits of the asset over its useful life. Estimates are applied in the selection of the depreciation method, the useful lives and the residual values. The actual consumption of the economic benefits of the property, plant and equipment may differ from the estimates applied and this may lead to a gain or loss on an eventual disposal of an item of property, plant and equipment.

**INSTITUTE OF MATERIALS, MALAYSIA**  
(Registered under Societies Act, 1966)

**NOTES TO THE FINANCIAL STATEMENTS – 31 DECEMBER 2024**

---

**4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONT'D)**

**4.1 Key sources of estimation uncertainty (cont'd)**

**iv) Measurement of income taxes**

The Institute operates in various jurisdictions and are subject to income taxes in each jurisdiction. Significant judgement is required in determining the Institute's provision for current and deferred taxes because the ultimate tax liability for the Institute as a whole is uncertain. When the final outcome of the taxes payable is determined with the tax authorities in each jurisdiction, the amounts might be different from the initial estimates of the taxes payable. Such differences may impact the current and deferred taxes in the period when such determination is made. The Institute will adjust for the differences as over - or under-provision of current or deferred taxes in the current period in which those differences arise.
